

THE JARGON BREAKER

PROTOCOL

Deconstruct Any Concept. Master It.

Ban the jargon. Explain simply.
Build an analogy. Log the friction.
Understand it – or admit you don't.

The Jargon Breaker Protocol is a registered workbook concept.

Use of this workbook is strictly for personal learning.

I DECLARE

that I will not hide behind complex vocabulary.
that if I cannot explain it simply, I do not understand it.
that technical jargon is a tool – not a shield.

I COMMIT

to banning my crutch words before I begin.
to finding the analogy before I claim mastery.
to logging my confusion honestly.
to choosing clarity over the appearance of intelligence.

I UNDERSTAND

that "I know it, I just can't explain it" means

I do not know it.

HOW TO USE THIS WORKBOOK

STEP 1

BAN THE JARGON

Write 3-4 terms you are FORBIDDEN to use. This forces you to find simpler language before you start.

STEP 2

ELI5 — EXPLAIN LIKE I'M FIVE

Use only everyday words. Imagine you are explaining to a curious 10-year-old with no background.

STEP 3

BUILD THE ANALOGY BRIDGE

Link the abstract concept to something physical. Sketch it or write: 'It works like a ...'

STEP 4

LOG THE FRICTION

Be ruthlessly honest. Which part of your explanation still feels forced or unclear? Name it.

BONUS

THE GOLDEN SENTENCE + 5-WORD CHALLENGE

Compress your entire explanation to 15 words, then to 5 words. Constraints reveal mastery.

Every 5 sessions → WEEKLY DEBRIEF page. Identify patterns in your friction points.

PROGRESS TRACKER

Shade each cell when you complete a session.
